

# ADVERTISING KIT

The American Farrier's Association (AFA) and Farrier Industry Association (FIA) are uniquely positioned industry partners focused on providing our professional membership with current news, business content and product features. Through our multiple publication channels, including No Foot, No Horse, Social Media, Newsletters (published by both AFA and FIA separately) and websites, we deliver high value content to our readers.

No Foot, No Horse is the official publication of the American Farrier's Association, an exclusive publication mailed bi-monthly to members of the American Farrier's Association and Farrier Industry Association. No Foot, No Horse offers industry news, articles focused on professional development, product features, business spotlights and event wrap-ups.

Our professional farriers, business owners and horse owners rely on the content provided by the AFA and FIA as the industry standard for news, articles and product features when making their purchasing decisions.
